 Arblu®
About bathroom

**IT "La stanza da bagno
è il luogo in cui ci
dedichiamo alla cura
e al benessere del
corpo, ogni giorno.
Per questo è importante
progettarla bene."**

**EN "The bathroom
is the place where
every day we dedicate
ourselves to the care
and well-being of
our body. That's why
it's important to plan
it well."**

Pier Giorgio Presotto
Titolare / Owner

^{IT} Arblu è un'azienda friulana fondata nel 1996 da Pier Giorgio Presotto. Da oltre vent'anni propone prodotti e servizi per l'arredobagno sempre più evoluti: alle pareti doccia e sopravasca si sono via via affiancati box e piatti doccia, quindi pannelli per rivestimenti, infine tutto l'arredobagno, dal mobile ai termoarredi fino alla carta da parati. Arblu è la soluzione made in Italy per il bagno contemporaneo. Dalle superfici coordinabili ai colori Metal, ultima tendenza dell'arredo, dal gres alle carte da parati waterproof, dai legni alle resine e ai laccati, l'obiettivo è dare al cliente la possibilità di progettare un bagno su misura, secondo le proprie possibilità e in linea con i propri gusti.

^{EN} Arblu is a Friulian company founded in 1996 by Pier Giorgio Presotto. For over twenty years, it has been offering ever more advanced products and services for bathroom furnishings: the shower enclosure and bath screens have gradually been joined by shower enclosures and shower trays, then wall coverings, and finally all the bathroom furnishings, from the furniture to decorative radiators and wallpaper. Arblu is the Made in Italy solution for the contemporary bathroom. From surfaces that can be coordinated with Metal colors, the latest furnishing trend, from stoneware to waterproof wallpapers, from woods to resins and lacquers finishes, the goal is give to the customer the opportunity to design a custom bathroom, according to his / her possibilities and tastes.

Lookbook

Il coordinato è la sfida di molti progettisti che puntano alla creazione di uno spazio in cui i materiali, seppur diversi, presentino un filo conduttore armonico che unisca tutti gli elementi della stanza. Pietrablu è un sistema di superfici dall'aspetto materico con cui rivestire top, fianchi e ante dei mobili, termoarredi, lavabi, specchiere, pannelli per rivestimento e accessori per ottenere l'effetto coordinato.

The coordinate is the challenge of many designers who aim to create a space in which the materials, even if different, present a harmonious main theme that unites all the elements of the room. Pietrablu is a system of surfaces with a material appearance for covering tops, sides and doors of furniture, decorative radiators, washbasins, mirrors, wall panels and accessories to obtain a coordinated effect.

Certificati ISO 9001 e ISO 45001 /

Certificates ISO 9001 and ISO 45001

^{IT} Arblu è certificata dal 2015 ISO 9001 per il sistema di gestione qualità dei processi produttivi e ISO 45001 per il sistema di gestione sicurezza, certificazioni rilasciate dal qualificato ente Bureau Veritas.

^{EN} Arblu has been ISO 9001 certified since 2015 for the quality management system of production processes and ISO 45001 for the safety management system, certifications issued by the qualified Bureau Veritas body.

Certificato DAP Dichiarazione Ambientale di Prodotto / EPD Certificate Environmental Product Declaration

^{IT} L'EPD, Environmental Product Declaration, o DAP, Dichiarazione Ambientale di Prodotto, è una dichiarazione ambientale certificata volontaria. La valutazione dell'impatto ambientale e delle risorse utilizzate è possibile grazie all'analisi del Ciclo di Vita (LCA, Life Cycle Assessment) del prodotto, prendendo in esame tutte le fasi che vanno dall'estrazione delle materie prime a quelle di trasporto, fabbricazione e smaltimento.

Ad ottenere questa importante certificazione sono stati i prodotti firmati Arblu più significativi tra i box doccia con telaio, semitelaio e senza telaio.

^{EN} EPD, Environmental Product Declaration, or DAP, (Dichiarazione Ambientale di Prodotto), it is a voluntary certified environmental declaration.

The assessment of the environmental impact and the resources used is possible thanks to the analysis of the Life Cycle (LCA, Life Cycle Assessment) of the product, taking into examination of all the phases ranging from the extraction of raw materials to those of transport, manufacture and disposal.

This important certification was obtained by the most significant Arblu products among the shower enclosures with frame, half frame and without frame.
