Dichiarazione Ambientale di Prodotto

IT L'EPD, Environmental Product Declaration, o DAP, Dichiarazione Ambientale di Prodotto, è una dichiarazione ambientale certificata volontaria. La valutazione dell'impatto ambientale e delle risorse utilizzate è possibile grazie all'analisi del Ciclo di Vita (LCA, Life Cycle Assessment) del prodotto, prendendo in esame tutte le fasi che vanno dall'estrazione delle materie prime a quelle di trasporto, fabbricazione e smaltimento. Ad ottenere questa importante certificazione sono stati i prodotti firmati Arblu più significativi tra i box doccia con telaio, semitelaio e senza telaio.

EN L'EPD, Environmental Product Declaration, or DAP, it is a voluntary certified environmental declaration. The assessment of the environmental impact and the resources used is possible thanks to the analysis of the Life Cycle (LCA, Life Cycle Assessment) of the product, taking into examination of all the phases ranging from the extraction of raw materials to those of transport, manufacture and disposal. This important certification was obtained by the most significant Arblu products among the shower enclosures with frame, half frame and without frame.

DE Die EPD, Environmental Product Declaration, oder DAP-Dichiarazione Ambientale di Prodotto, ist eine zertifizierte freiwillige Umwelt-Produktserklärung. Die Bewertung der Umweltauswirkungen und der verwendeten Ressourcen ist dank der Lebenszyklusbewertung (LCA, Life Cycle Assessment) des Produkts möglich, wobei alle Phasen von der Gewinnung von Rohstoffen bis hin zu Transport, Herstellung und Entsorgung berücksichtigt werden. Diese wichtige Erklärung ist für die wertvollsten Arblu-Produkte unter gerahmte, teilgerahmte und rahmenlose Duschabtrennungen verfügbar.
